*Fall 21 Dean's Honor List*

## SUMMARY

---

Future computer science graduate who embodies a strong commitment to learn. Dedicated and reliable worker who is ready to thrive with a team of driven individuals to create a healthy and successful environment.

## EXPERIENCE

---

- General Laborer

**June 2023-Present**

Work for my uncle's business of providing clothing and other items to assisted living locations. The majority of the work is hands on labor such as labelling, picking orders, taking inventory, and maintaining an organized environment as we work.

- Delivery Driver

**May 2021-July 2023**

Delivered both food and grocery orders under the delivery companies DoorDash and Instacart to customers' homes. Communicated often with the customers to ensure satisfaction and correctness in their orders.

- Busboy

**May 2019- June 2020**

Bussed tables at a hometown Italian restaurant, Mezza Luna. Worked with waiters and fellow busboys to multitask cleaning tables, setting tables, and preparing bread baskets in a timely manner.
